

Considering a career in rail?

Study while still at secondary school

CERTIFICATE II IN RAIL FUNDAMENTALS (PRE-VOCATIONAL)

Course Details

Certificate II in Rail Fundamentals (Pre-vocational) is a qualification for secondary students.

The purpose of this VET course is to provide students with basic knowledge and a realistic preview of the rail industry in Victoria. The course will use a mixed method approach to delivery, and will include a combination of structured learning, self-directed learning and hands-on training in a simulated work environment. The course will enable students to make a more informed choice about future employment within an area of the industry that best suits their interest, capabilities and career aspirations.

Availability

Students must be prepared to attend theory and practical classes. Classes currently take place in Hallam and Melbourne CBD. Practical visits to the Rail Academy, based in Newport and other sites will also occur up to twice a term.

Fees

Fees for VET programs vary from school to school due to a range of factors. Please contact your school's VET coordinator to determine what fees you will need to contribute to undertake this program.

Duration

Students enrolled in year 10 and 11 VCE/VCE VM are encouraged to undertake **two years part-time**.

Contribution to VCE/VCE VM

On successful completion of this program students will:

VCE/VCE VM: be eligible for units of credit towards their VCE/VCE VM Units 1 and 2 with a maximum credit on successful completion of the course in four VCE units.

Qualification: be eligible for the award of 22681VIC Certificate II in Rail Fundamentals (Pre-vocational)

Expression of interest

If you're interested in the course, let your VET coordinator know. They can submit an expression of interest via email to railcareers@levelcrossings.vic.gov.au

The expression of interest must be submitted by the student's home school VET coordinator (not the student or parent). We will send this on to the Training provider (RTO) and they will work with VET coordinators to discuss the student application and selection process.
