

# DISCOVERING RAIL INFRASTRUCTURE CAREERS

We want to help guide your students into the best future for them!

## ABOUT THE WORKSHOP

Rail Academy has teamed with Metro Tunnel Education to deliver a free workshop to learn about the various professional disciplines involved in Victoria's biggest ever public transport infrastructure projects.

Our session will provide you with the very latest information as well as connect you with industry experts and find out how to locate and effectively use career information. Teachers, career coordinators and pathway counsellors would benefit from attending.

### Upcoming online sessions:

- Thursday 22 October 10.00am-11.00am AEST
- Tuesday 17 November 10.00am-11.00am AEST

### Would you like to know more?

At our session, hear about:

Registration time	Event program
